

2018-2019 Tuition breakdown

Explanation of chart: Tuition is based on the number of hours each dancer dances per week. **Column 1:** Number of hours, after 5 hours your dancer is considered unlimited and may register for as many classes as they would like at or below their level. **Column 2:** Tuition for the first dancer in each family if paid monthly. In a family with multiple siblings who dance this is the dancer with the most number of hours per week. **Column 3:** Tuition for the first dancer in each family if tuition is paid for the year by 9/10/18. **Column 4:** Tuition for each subsequent dancer in the family if paid monthly. **Column 5:** Tuition for each subsequent dancer in the family if paid in full by 9/10/18. Family is defined by siblings/step siblings living in the same household.

Monthly tuition is based on 9 equal payments paid September through May. Our "school year" is from August 20th through the beginning of June.
