Production and Company Directors and Production Team: Our directors enjoy working with NWI and surrounding areas youth and families and want the best for every cast member. Production, academy, and company decisions stem from our directors; this indeed includes production time and managing all aspects of the show including use of technology, choreography, costumes, casting, rehearsals, marketing, covid and illness response, music, onwards. However, to maintain a streamlined process, and provide a great experience to our families, we request an order of contact. In this, we work side-by-side with our staff, dancers, teachers, assistants, and volunteers. **Therefore, for production questions: Please direct questions to the production team email, located above in this article.** They can answer questions, and will contact or redirect, if or when necessary, to the production directors or appropriate person for the task such as volunteering, costumes, marketing, tickets, merchandising, and other areas of the production team, which is again, truly a vast and lovely group of volunteers and staff. *No* casting or change of casting questions, please. We support all our dancers and wish to help new cast members understand our processes, leaving with a fabulous experience. Again, to help this streamlined process to happen, which makes obtaining information more seamless, please contact the production team email with questions including the listed below. Please check the rehearsal schedule to determine your rehearsal first, before emailing to find out when rehearsals occur. In the event of an issue or issue with a team member, production directors can be contacted.

Costume Fitting Day:

Sunday, September 29th - this is mandatory!

Please bring your dancer in a leotard and tights if a girl and shorts and a t-shirt for the guys.

Absences:

You can miss up to 3 rehearsals. This does not mean miss 3. When dancers are not present, they miss key corrections, choreography, costuming, relationship building with their co-dancers. It makes the process more difficult and creates a need for more rehearsals. To reduce this, please try to make your rehearsals. IBT reserves the right to assign an understudy to your child's part or to recast the part to another dancer at three missed rehearsals. While a recast can happen for other reasons, and we reserve the right to make shifts when necessary for the show- such as a dancer not paying attention, inability to perform a part, not engaging in rehearsals, having issue with other dancers, etc, or a role cast that is evidenced as too difficult, missing three is our capstone. We do understand that Covid and the Flu are starting to

be present again, this will be taken into consideration, as are other conditions. But please make it a priority to attend rehearsals.

With all love and kindness, we ask that if your dancer is ill that you **DO NOT** bring them to rehearsal. Sick dancers make other sick dancers and people miss performances. We do reserve the right to ask your dancer to wear a mask. Our priority is to ensure that the show can continue so if you are ill, please do not come. If you have questions, you can contact Ms. Amanda at amandatuohy.ibt@gmail.com

Absences for Trainee/Junior Company and below are to be reported to the ibtproduction2022@gmail.com email. Company 1 and Company 2, you are to report your absences to both the production email as well as Mrs. T and Ms. Amanda.
